Complete Quality Assurance Solutions for X-ray Modalities

The RTI's Black Piranha is an all-in-one multifunction meter that comes ready-to-use with everything you need included. Connect to your computer wireless or via USB and you have a complete QA-system! The number of Piranha models available ensures that you only pay for what you need. As your needs grow, you have unlimited ability to upgrade your Piranha.

Before buying a tool, don't forget to do the life cycle cost calculation. RTI Group products have such a high measurement performance that the recommended calibration interval is as long as 24 months! This together with the extended warranty program reassures you to trust your instrument and gives a low lifetime cost for you.
