When you were a kid; did you look through the Sears catalog to see what new toys were available so you could make your wish list? Unfortunately, it is past Christmas and Santa doesn't make test equipment for Biomed's, but BC Group does. We have a catalog and an online store you can browse like you did as a kid.

To make it simple, you can go to the BC Group webstore to browse and shop all you want. You can view specifications, manuals, how to videos and most importantly, how much the items cost. You can fill a cart full of items and print it out without having to purchase on the spot. This can all be done 24 hours a day 7 days a week without making any commitment or costing you anything. The easy way to shop.

BC Group offers our own full line of BC Biomedical products that are designed, manufactured and supported right here in the heartland of the USA. In addition, we also offer over 75 product lines from other vendors, like TSI, RTI, IMT, Gammex, CIRS and Rice Lake. This is what makes BC Group "Your One Stop Shop for Biomedical Test Equipment"
