

Check out the DA-2006 Series

The DA-2006 Series Defibrillator Analyzers provides Variable Loads used when testing Defibrillators to assure the proper electrical current is delivered to the heart, per IEC 60601-2-4 and AAMI DF80 standards with automatic detection of loads.

BC Group's Effort to Help Combat COVID-19

The world has been a different place for many of us the last few months, and BC Group Intl. has pitched in to help the fight against COVID-19. Check out some of the things we've done to help the community and our customers during this time.

June 2020
