

BC Group Receives Award for Excellent Sales Performance

BC Group was recently selected to receive the Imtmedical (IMT Medical) Award for Excellent Sales Performance for the year ending 2017. IMT Medical is located in Buchs, Switzerland and manufactures ventilators, ventilator analyzers and test lungs that are used by biomed worldwide. BC Group distributes the IMT product line under our BC Biomedical label and has North America as our exclusive territory. Learn about IMT product lines available from BC Group, including our own, BC Biomedical benchtop flow analyzer, the PFC-3000.

Popular Biomedical Training Instructor Launches New Business

Quality training is essential for the Biomedical profession but it is often times hard to find. BC Group is proud to endorse and recommend this new and innovative option for our industry.

Dale Munson, a popular training instructor in the biomedical community, has launched his own business; Biomed Support Services. Biomed Support Services strives to build technical competence in biomedical technicians and clinical engineers. Biomed Support Services include creating simple-as-possible training materials, presenting customized courses, recommending process improvements and performing a variety of technical support functions (calibrations, output verifications, PMs, etc.).
